

LFA MONTHLY NEWSLETTER

September 2024

Student Registration Open

Student registration is now open. Students must register as league members before they're eligible to compete. Please remind your students to [register](#) before October 31st.

Event Calendar

Make sure to stay up-to-date on when tournaments are being hosted. For easy access, refer to the [LFA event calendar](#) to see the registration deadlines for all virtual tournaments, and to know when/where in-person events are being hosted.

Coaches, if your school is planning on hosting a tournament, please notify the LFA home office at Info@LogosForensics.org with the location and dates, so the tournament can be listed on the LFA event calendar.

Season Opener

LFA will be hosting its opening tournament at Central Valley Christian School in Visalia, CA on October 25-26.

Healthcare Conference

On September 20-21, the Institute for Principle Studies is hosting a topical conference pertaining to the LFA 2024-2025 debate resolution. Students participating in LFA are encouraged to attend this event to learn about the state of healthcare in America.

This event will provide insight into why current healthcare policies are failing and explain both the economics and the history of our healthcare system.

Expert speakers from around the country will unpack our current policies, demonstrate ways to improve the system, and show how biblical truth applies to the issue of healthcare.

Team policy debaters will also have the opportunity to meet and learn from the experts they will be quoting in debate rounds this season, but this summit is not just for students. It is also designed for adults and families interested in learning more about America's healthcare system.

If you or your students are interested in attending this event, contact the LFA office at Info@LogosForensics.org to reserve your spot(s), as seating for this event is limited.

Member Schools

Welcome to all new and returning schools! Here is a list of the schools competing in the Logos Forensic Association this season.

- Bellavista Christian Academy - Tracy, CA

Student Academy

The [Student Academy](#) training course is now available to students once they register and have an account on the LFA website. This course teaches debaters the basic principles behind debate and dives into the debate theory that students will need to know in order to debate effectively.

LFA Ranks

LFA is pleased to announce a new platform for displaying tournament results for students to enjoy. LFA will soon release a new website that will display where students rank in both speech and debate. Instead of waiting until the end of the year to see club standings, tournament results will be added to the website after each tournament, so students will be able to see if they have qualified for the regional championship tournament. LFA is excited to release this platform within the next few months.

LFA Podcast

LFA produces a podcast full of information helpful for debate coaches. If you have not done so already, we encourage you to [subscribe](#) to the podcast so you can hear valuable debate instruction on the go.

Need Help?

If you need help with club or class management, the LFA curriculum, or where to locate resources then please contact the LFA office by scheduling a free consultation on the LFA [bookings calendar](#). We are happy to help!
